

In the United States District Court
Southern District of Iowa

RECEIVED

Roscoe Chambers

NOV 19 2018

Case# 3:12-CR-00071-SMR

Petitioner

CLERK OF DISTRICT COURT
SOUTHERN DISTRICT OF IOWA

V

United States of America
Respondent,

Motion to reconsider
Judgment of Commitment

Now Comes the Petitioner Roscoe Chambers ask this
honorable court to grant this motion In the
Wife of Justice and the fifth Amendment,

- 1) The Plaintiff request the honorable court to order
the Federal Bureau of Prison to transfer the
Plaintiff Roscoe Chambers to a medical hospital or
poison treatment center,
- 2) The Petitioner's life is in immediate danger! the
F.B.I.P staff Here at USP Lewisburg has been Poison-
ing Chambers food, Its difficult to breathe right now
- 3) On October 28, 2018 the Petitioner received a food
tray from G. J. Guerrisky that had rat poison in
it! Chambers gave the poison to Assistant Warden
D. Colbert to give to S.I.A officer for aut on
10-30-18

4) The warden, S.I.A officer, and both Assistant Wardens are aware of the situation, and they refuse to speak to Chambers about the incident, because they are involved,

5) Chambers Request that this honorable Court Contact the nearest poison control center and have them check Chambers Blood and give him some medical treatment to remove the poison from the Petitioner,

Conclusion; the Court should consider the seriously nature of Chambers allegation, and contact the nearest poison control center and F.B.I office, the Court at least can consider that Chamber's Represented her self at trial and is not crazy!! in reference to the allegations, the Court did not sentence Chambers to the death penalty all I did was file a few civil complaints I don't deserve to die the Court took a oath to protect the US Constitution the fifth Amendment ~~requires~~ requires the Government to proceed according to written constitution and statutory provisions before depriving someone of life

Date 11-13-18
